

Information to SVHC – Substances of very high concern) in our products according to Guideline (EG) 1907/2006 (REACH)

Ladies and Gentlemen,

thank you very much for the inquiry regarding the EU-Chemical Guideline.

As supplier of complex and high-quality technical systems for rail vehicles, electro busses and industrial devices we take our responsibility relating to the REACH-Guideline seriously.

We do not produce or import any substance or mixture, therefore no registration obligation relating to REACH is applicable for us. According to the guideline we are downstream user and fulfill the obligation according to art. 33.

Our suppliers are bounded to inform us in case material delivered to us contains alarming substances with more than 0,1 percent by weight according to the actual valid candidate list.

Until today we have no information that the products delivered to you are concerned therefrom. In case this should change, we will inform your immediately.

Via our management systems we observe continuously the modifications of the legal requirements and effect all necessary adaptations. Via the process of the supplier approval new suppliers are checked regarding the conformity to the requirements of the REACH-Guideline.

For further information or advice please do not hesitate to contact us.

Düsseldorf, 18.11.2020

Best regards

Alexander Ketterl
Managing Director
